

Discrete Optimization

Assignment 1

Mehdi Nadif & Viktor Hansen

October 3, 2017

Abstract

This is the first weekly assignment for the Discrete Optimization course offered at The Department of Computer Science, Uni. Copenhagen.

Theoretical part - formulation and lower bounds

1.1

1.2

1.3

1.4

1.5

Implementation part - branch-and-bound

2.1

2.2

2.3
